# The Forest Full Version Free Download

The Forest Full Version Free Download

As the lone survivor of a passenger aeroplane accident, you find yourself in a mysterious woods battling to remain alive against a society of cannibalistic mutants.

Collect, research, survive in this frightful first-person survival horror simulator.

Keyfeatures:
Input a living, breathing world, where each tree and plant could be chopped down. Below ground investigates a vast network of caves and underground lakes.

- Chop down trees to construct a camp, or start a fire to stay warm. Scavenge food to keep yourself from hungry.

- Build a little shelter or a large oceanside fortress. Lay traps and guards to maintain a safe margin.

- Explore and build throughout the day. Defend your base during the night. Craft tools and weapons. Bunker down throughout the night or bring the fight directly to the enemy.

- Defend yourself against a clan of genetic mutant enemies that have families, beliefs, morals which appear almost human.

- Utilize stealth to evade enemies, or engage them directly with primitive weapons constructed from rocks and sticks.
