International Day for Biological Diversity 2026 Celebrations by ICFRE-IFGTB EIAPC PC RP

As part of Mission LiFE and in connection with International Day for Biological Diversity 2026, EIACP (Environmental Information, Awareness, Capacity Building and Livelihood Programme) Programme Centre (erstwhile IFGTB ENVIS) RP at the ICFRE - Institute of Forest Genetics and Tree Breeding, Coimbatore organized various awareness campaigns and a slogan writing competition on the theme “Acting Locally for Global Impact” for various stakeholders. The primary aim of the event was to foster awareness about biodiversity conservation among future educators and to emphasize the vital role teacher’s play in safeguarding natural ecosystems and promoting environmental responsibility among students and various stakeholders. Both events were registered with Convention on Biological Diversity (CBD) Secretariat.

Awareness lecture on the conservation of biodiversity was delivered. All the participants were also pledged to follow the LiFE Mission themes in their daily lives. An awareness poster and handouts highlighting the strategies to conserve biodiversity were released during this occasion. Copies of the poster and handouts were distributed to the Central Library, students and general public in and around Coimbatore. Softcopy of the awareness poster and handouts were shared electronically to various stakeholders.

International Day for Biological Diversity 2026 Theme: "Acting locally for global impact"

STRATEGIES TO PROTECT BIODIVERSITY

Habitat Conservation

Support and participate in conservation efforts of forests, national parks, and other protected areas. This includes tree planting, habitat restoration, and law enforcement against illegal logging.

Managing Waste Properly

Recycle and compost organic waste, and support sustainable waste management programs to reduce water, land and air pollution.

Creating an Eco Friendly Garden

Create an eco-friendly garden or yard by planting a variety of native plants that support local pollinators and wildlife. Avoid using chemical pesticides and herbicides.

Supporting Sustainability

Buy products that are sustainably and environmentally friendly, such as organic food, FSC certified wood products, and products that do not contain palm oil derived from deforestation.
